**AFTER SCHOOL
PROGRAM**

**New Britain Public
Library
Teen Department**

Dates and Times

Ctrl Alt Achieve will begin on February 3, 2014. All meetings will be held in the Teen Room of the New Britain Public Library.

Maker Mondays

Monday from 4:00-5:00 P.M.

Science Lab/Technology Lessons

Wednesday from 4:00-5:00 P.M.

Please see the calendar for specific dates of events.

What is Ctrl Alt Achieve?

Ctrl Alt Achieve is an after school program for young adults to help them explore Science, Technology, Engineering and Mathematics (STEM). Young adults will be building miniature bridges, remixing songs, finding microorganisms with a microscope, building a puppet stage out of PVC pipes and more. The goal is to spark an interest in STEM areas.

Our Formula

Maker Monday focuses on having young adults build or create something such as building objects with Legos, building a puppet stage and more. Wednesdays will alternate between science labs and technology lessons.

What We'll Be Doing

- Catapult Building
- Egg Drop Contests
- Music Remixing
- Video Game Design
- Viewing Microorganisms with a Microscope
- Cooking Demonstrations

Requirements

Ctrl Alt Achieve is open to young adults ages 13-17. Our goal is to serve as many young adults as possible, but due to limited space and limited technology, we can only serve up to 20 students at a time. Because of these limitations, each session is open to the first 20 young adults in attendance.

Questions

When do you meet?

-Mondays and Wednesdays throughout the winter and spring from 4:00-5:00 P.M.. Mondays focus on building/ making things while Wednesdays alternate between technology lessons and science labs.

Where do you meet?

-In the Teen Room on the ground floor of the New Britain Public Library.

Can I sign up for Ctrl Alt Achieve?

-No, the program is open to the first 20 students in attendance for each day (there will be no pre-registration).
